

Introduction

This occupational index covers all occupations listed in the CD but has been redrafted so that it is consistent throughout, as the original volume indexes were drafted on the basis of the entries within each volume. In volume 10 a list of major occupations, without further details, was given at the end of the volume (following a suggestion by myself), as BJC was loath to retype everything again. Certain occupations have been merged. For instance clerics and nuns are now under one heading Church Clerics and Religious Orders and all church lay officials have also been amalgamated. Air Force members have been amalgamated with the Army and called Military though Coastguards and Lifeboat are still separate from Maritime – Royal Navy and Merchant. Not included here are Causes of Death, 1798 Rebellion etc.

The main headings are: Antiquarian Herald & Historian, Apothecary & Chemist, Architect, Artist, Athletic, Author, Baker, Bank, Body Snatcher, Breeches Maker, Brewer, Bricklayer, Builder, Butcher, Carpenter & Joyner, Church Clerics and Religious Orders, Church Miscellaneous, Church Music, Church Officials, Civil Engineer, Civil Service, Coachman & Carman, Coast Guard & Lifeboat, Colonial Service, Composer, Constabulary & Police, Cooper, Customs Excise & Revenue, Education, Engraver, Feltmaker, Forrester, Fox Hunter, Game Keeper, Gardener, Goldsmith, Grocer, Herdsman, Highwayman, Hotelier Innkeeper & Publican, Jailer, Jeweler, Legal & Judiciary, Local Government, Lord & Deputy Lieutenant, Maritime, Medical, Merchant, Military, Milkwoman, Miller, Miner & Quarryman, Newspaper, Painter, Parkeeper, Parliamentarian, Pawnbroker, Plumber, Poet, Postal Service, Privy Chamberlain, Privy Counselor, Railway, Red Cross, Road Maker, Roundwood Water Works, Saddler, Sculptor, Servant, Shoemaker, Smith, Steward, Stonecutter, Surveyor, Temperance Movement, Umbrella Maker, Veterinarian, Vintner, Weaver, Woolcomber, and Workhouse.
