

Derrylossary Burial Register, 1878-1967

The Derrylossary Parish Registers before 1878 were destroyed in the 1922 PRO conflagration. Subsequent records up to the parish's closure in the late 1960s were deposited in the Representative Church Body Library, Dublin. Burials after 1967 are generally recorded in Calary parish registers though others are also possible.

Names of people and places are as recorded in the register; under the age column, m = months, w = weeks and d = days. Where a reading is unclear a ? is used, but noted in the case where a question mark is used in the register.
